

# Build a Monster!

A fun game for 4 players

You will need: Monster cards, four monster base plates, four sets of number cards.

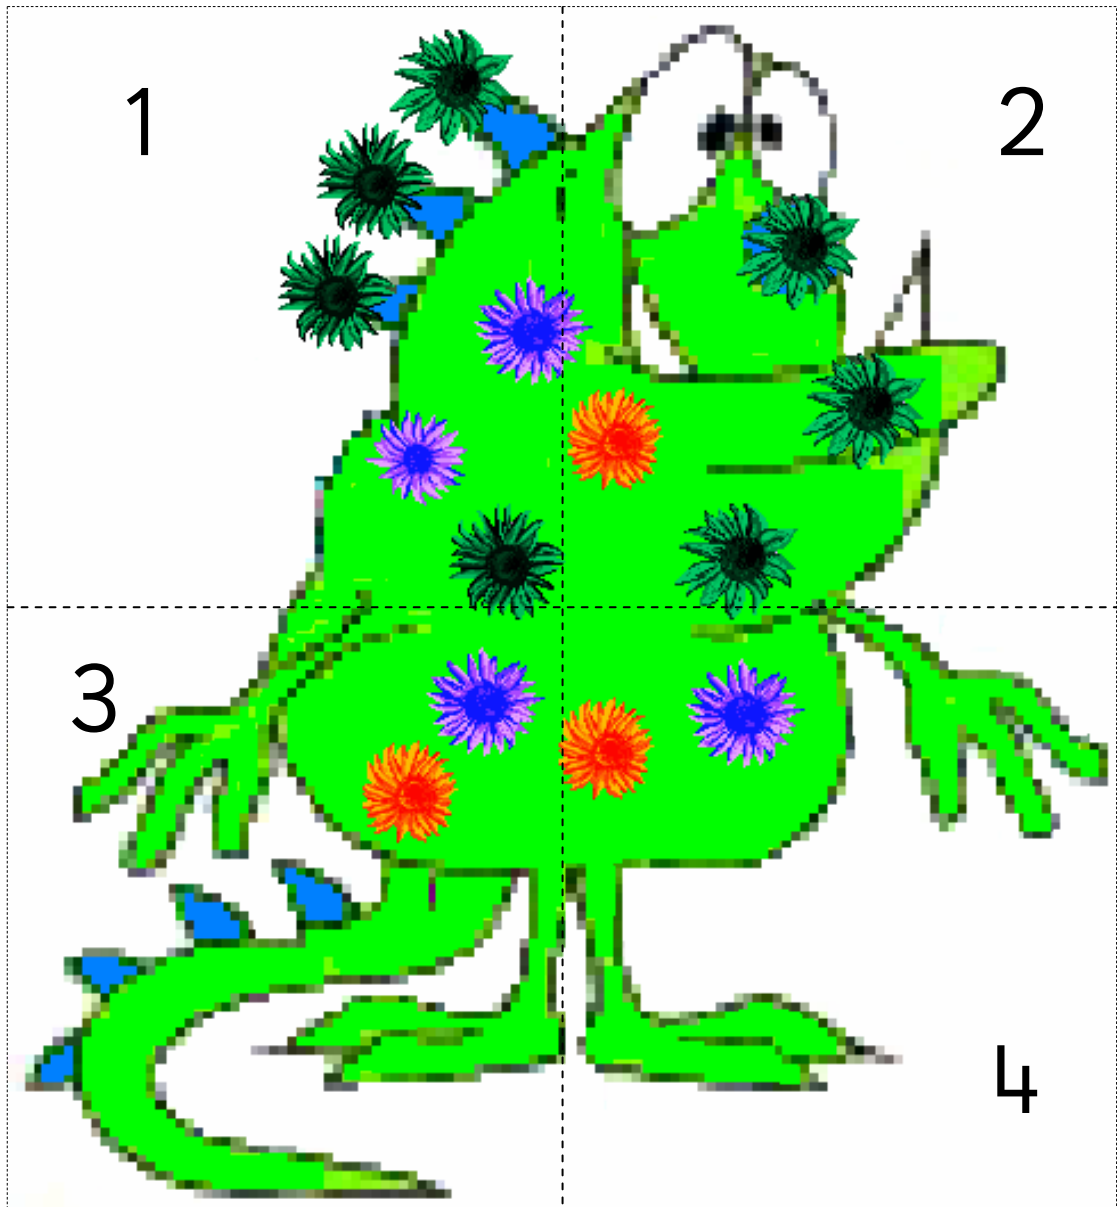

Instructions: Scatter monster cards face down in the centre of the table and give each player a base board. Make sure numbers are visible on the reverse of each card. Now place the number cards in a pile, making sure they are shuffled well. Players take turns to pick number cards and then choose a corresponding monster part. This will give them a very mixed monster!

Alternatively pupils could try and build a completely matching monster – thus making a longer game.

Cut out each monster along the dotted lines. Monster pieces should be placed face down with numbers also written on the reverse.

Cut out each monster along the dotted lines. If desired, monster pieces could be placed face down with numbers also written on the reverse.
